

The American Journal of Emergency Medicine

Contents

VOLUME 22 • NUMBER 3 • MAY 2004

ORIGINAL CONTRIBUTIONS

- QTc Dispersion as a Prognostic Factor in Intracerebral Hemorrhage *Chien-Hua Huang, Wen-Jone Chen, Wei-Tien Chang, Ping-Keung Yip, and Yuan-Teh Lee* 141
- Can Nurses Appropriately Interpret the Ottawa Ankle Rule? *Frederick Fiessler, Paul Szucs, Robert Kec, and Peter B. Richman,* 145
- Uptake of Validated Clinical Practice Guidelines: Experience With Implementing the Ottawa Ankle Rules *Brian R. Holroyd, Deborah Wilson, Brian H. Rowe, Damon C. Mayes, and Thomas Noseworthy* 149
- The Impact of Electrocardiographic Left Ventricular Hypertrophy and Bundle Branch Block on the Triage and Outcome of ED Patients With a Suspected Acute Coronary Syndrome: A Multicenter Study *J. Hector Pope, Robin Ruthazer, Michael C. Kontos, Joni R. Beshansky, John L. Griffith, and Harry P. Selker* 156
- A Geographic Information System Simulation Model of EMS: Reducing Ambulance Response Time *Kobi Peleg and Joseph S. Pliskin* 164
- Computed Tomography Features of Acute Pulmonary Tuberculosis *Chao-Jung Wei, Chui-Mei Tiu, Jen-Dar Chen, Yi-Hong Chou, Cheng-Yen Chang, and Chun Yu* 171
- Comparison of EPs' and Psychiatrists' Laboratory Assessment of Psychiatric Patients *Leslie S. Zun, Roma Hernandez, Randy Thompson, and Lavonne Downey* 175
- Efficacy of Accelerated Dose Titration of Olanzapine With Adjunctive Lorazepam to Treat Acute Agitation in Schizophrenia *Bruce J. Kinon, Jonna Ahl, Matthew D. Rotelli, and Edmund McMullen* 181
- Patterns of Complementary and Alternative Medicine Use in ED Patients and Its Association With Health Care Utilization *J.Z. Li, J.V. Quinn, C.E. McCulloch, B.P. Jacobs, and P.V. Chan* 187
- Fibrinolytic Administration for Acute Myocardial Infarction in a Tertiary ED: Factors Associated With an Increased Door-to-Needle Time *Peter J. Zed, Riyad B. Abu-Laban, Travis M. Cadieu, Roy A. Pursell, and Lyne Filiatrault* 192
- Real-Time B-Mode Ultrasound in the ED Saves Time in the Diagnosis of Deep Vein Thrombosis (DVT) *Daniel Theodoro, Michael Blaivas, Sandeep Duggal, Graham Snyder, and Michael Lucas* 197

BRIEF REPORTS

- Significance of Toluidine Blue Positive Findings After Speculum Examination for Sexual Assault *Jeffrey S. Jones, Chris Dunnuck, Linda Rossman, Barbara N. Wynn, and Cathy Nelson-Horan* 201
- Carbon Monoxide Poisoning While Using a Small Cooking Stove in a Tent *Øyvind Thomassen, Guttorm Brattebø, and Morten Rostrup* 204
- Prognostic Factors in Hanging Injuries *Takeshi Matsuyama, Kazuo Okuchi, Tadahiko Seki, and Yoshinori Murao* 207
- Fluoxetine Exposures: Are They Safe for Children? *S. David Baker and D. L. Morgan* 211

(Continued on next page)

Contents continued

DIAGNOSTICS

Hepatic Portal Venous Gas: Clinical Significance of Computed Tomography Findings 214
Sen-Kuang Hou, Chii-Hwa Chern, Chorng-Kuang How, Jen-Dar Chen, Lee-Min Wang, and Chen-Hsen Lee

Missed Acute Cardiac Ischemia in the ED: Limitations of Diagnostic Testing 219
Reena Duseja and James A. Feldman

CORRESPONDENCE

Iatrogenic Methemoglobinemia From Benzocaine Spray in Trauma *Todd L. Allen and Scott J. Jolley* 226

Stress Reactions and Ischemic CVAs After the September 11, 2001 Terrorist Attacks 226
Villa Antonio, Milani Olivia, and Licari Stefania

Subarachnoid Hemorrhage Presenting as Chest Pain *Ilaria Casetta and Enrico Granieri* 227

Assessing New-Onset Mental Status Changes in Patients with Dementia 228
Richard C. Christensen

Psoas Hypertrophy Mimicking Retroperitoneal Tumor in a Child with Abdominal Pain 229
Chia-Chang Chuang, Ming-Che Tsai, Wen-Chau Chen, Shih-Min Wang, and Chin-Yin Yu

Gastric Decontamination, Enhanced Elimination, and Toxicokinetics in a Sustained-Release Bupropion Overdose *Kirk L. Cumpston, Sean M. Bryant, and Steve E. Aks* 231

Ruptured Renal Artery Aneurysm Presenting as Hematuria *Frederick W. Fiesseler, Renee L. Riggs, and Richard Shih* 232

Simvastatin-Induced Rhabdomyolysis *Matthew R. Ho, James E. Baker, and Andrew L. Miller* 234

Bidirectional Ventricular Tachycardia Resulting from Digoxin and Amiodarone Treatment of Rapid Atrial Fibrillation *Wan-Ching Lien, Chien-Hua Huang, and Wen-Jone Chen* 235

Retroperitoneal Hematoma as a Complication of Coronary Angiography and Stenting 236
Boris V. Lubavin

Ziprasidone for Sedation of the Agitated ED Patient *Marc L. Martel* 238

Can Severe Acute Pain Escape Visual Analog Scale Screening in the ED? 238
Kolia G. Milojevic, J.-P. Cantineau, R. Ruiz, B. Coudert, S. Bataille, F. Boutot, N. Simon, and Y. Lambert

Postpartum Headache Resulting From Bilateral Chronic Subdural Hematoma After Dural Puncture *C.H. Nolte and T.-N. Lehmann* 241

Acute Abdomen in a Jehovah's Witness With Chronic Anemia *Ken-ichi Shukunami, Koji Nishijima, Makoto Orisaka, Yoshio Yoshida, and Fumikazu Kotsuji* 242

Clinically Significant Change in Physician-Assigned Numeric Pain Rating Scale Scores 243
Tania D. Strout and John H. Burton

ED Placement of Arterial Sheath for Endovascular Management in Multiple Trauma 245
Naoya Yama, Takeshi Ichimura, Naoki Hirokawa, Kazumitsu Koito, Masato Hareyama, Yuki Naito, Sakari Sasaki, Yasuyuki Yonemasu, and Yasufumi Asai

Fatal Upper Airway Obstruction Induced by Superior Mediastinum Bleeding 246
Eichi Narimatsu, Katsutoshi Tanno, Mamoru Hase, Yoshimko Kurimoto, and Yasufumi Asai

Errata 248
